

## Breathe Energy Newsletter 2019

Hi everyone,

Welcome to the first of what will be our regular, company-wide quarterly update for you...featuring the latest project news, new wins, staff updates and how we are getting the Breathe name out there through our PR and marketing activity.

First a note from MD Gary Parke...

Following our recent team update, we continue to be thriving, delivering and winning great projects. Your hard work is key to this success and is helping us to develop great relationships with clients across different sectors.

I am delighted to report that our recent success has allowed us to make an exciting new senior hire. Joining from 6th May, Tim Goodson, Associate at Essentia, will bolster Bernard's team assisting with project delivery and focusing on the planning of projects. More details coming soon and we will be working with our communications consultancy Holistic to publicise this strategic hire and demonstrate how it strengthens our offering.

## Project News

### Epsom and St Helier Hospitals NHS Trust

- Fabric fit-out programme has been successful and completed in February
- Holistic and the project team are publicising our work on this – one of the largest EPC contracts in the UK at £32m of investment

### Pennine

- Under construction and expected to complete in May 2020
- Holistic is working with the Trust and project team to promote Breathe's work on this scheme in the media and through our social media channels

### Cardiff University

- Breathe have secured a £16m energy performance project with Cardiff University
- A fantastic appointment for us to demonstrate our expertise in education
- We have announced our appointment with the project team with Holistic's support, securing coverage in FMJ

## Breathe Connect

- Breathe Connect mobilise first joint project with Breathe Projects on PAHT BMS strategy project
- Breathe Connect have bids submitted with Travelodge and Amey DIO
- Breathe Connect assisting with joint bids on AGS airports and Cardiff University
- Breathe Connect in discussions with JD for BMS partnership contracts in mainland Europe and Australia
- Awaiting approvals on next phase of works with RBS and NBS - c 300 retail sites

## SHEQ Adviser update

New service from Callsafe from 1st April, Tam Bream, Consultancy Workstream Manager will be supported by Dave Carr leading this service.

PW and Tam will spend 3 weeks visiting projects and staff and then present the findings to SHEQ committee on 9th May. Following this they will implement the findings.

Key benefits include:

- A single point of contact
- A qualified H&S professional who can not only advise but write policy and procedure

- Integration of Breathe and the Manchester office, with consistency across the company
- Review HELGA responses and ensure it maximises our score
- Integrate existing procedures into Breathe procedures
- Monthly site visits and in-house training

## DEFRA PV installations

- 14 projects in total
- No accidents reported
- Watchtree in the North to Brampton in the south (349 miles apart)
- 20 rooftop installations
- 3 ground mount installations
- 612 kWp installed
- 210 tonnes of CO2 savings
- £1,000,000.00 invested

## Lastly .. Holistic needs you

As most of you know, we are working with Holistic to help raise our profile and position us as thought leaders in the industry – shouting more about what we do and how well we do it to clients, new recruits and our peers!

Holistic wants to hear from you about what you are doing as a team. This can be project-based, events you are going to, as well as internal news – team socials, charity initiatives. The team wants to hear about it all! Please feel free to share your updates with Holistic at the following email: [breathe@holisticgroup.co.uk](mailto:breathe@holisticgroup.co.uk)

Thanks everyone!
